OUR ROOTS

Grandma's garden, in a jar

est. 2022

Our journey began in the garden of our beloved grandma — where she shared her age-old herbal beauty secrets, picking, drying, and infusing alongside us.

Inspired by her wisdom, we've crafted a small line of homegrown hair oil that captures the essence of her nurturing love & timeless remedies — fostering beauty and well-being, naturally.

A NATURAL HAIR OIL RITUAL

HOW TO USE

The Ritual

Slow rituals make the best results. Set aside an hour for yourself — this is more than oil, it's a moment.

1 Warm

Place the jar in a bowl of warm water for 2-3 minutes to gently activate the herbs.

2 Section

Brush hair through and divide into four soft sections — easier to reach every part of the scalp.

3 Massage

Apply a small amount to your fingertips and massage into the scalp in slow circles for 5-10 minutes.

4 Rest

Cover with a warm towel or shower cap. Leave for at least an hour — or overnight for a deep treatment.

5 Wash

Rinse with a mild, sulphate-free shampoo. Repeat 1-2 times a week for visible results.

A LITTLE GOES A LONG WAY

One jar lasts most rituals 6-8 weeks. Store in a cool, dry place — out of direct sunlight.

WHAT'S INSIDE

Crafted from the earth

A small-batch blend of ten time-honoured herbs & oils.

Rosemary — *Rosmarinus officinalis*

Stimulates the follicle, awakens circulation and encourages strong, healthy growth.

Lavender — *Lavandula*

Calms an irritated scalp, soothes itchiness and gently lifts dandruff.

Hibiscus — *Hibiscus rosa-sinensis*

Strengthens follicles, deepens natural shine and softens every strand.

Curry Leaf — *Murraya koenigii*

A grandma classic — nourishes the roots and prevents premature greying.

Aloe Vera — *Aloe barbadensis*

Vitamin-rich hydration that calms inflammation and brings life back to dry hair.

Oregano — *Origanum vulgare*

Naturally antibacterial — fights fungal flakes and supports a clear, healthy scalp.

Peppermint — *Mentha piperita*

A cool tingle that wakes the follicle and brings clarity to mind & scalp.

Castor Oil — *Ricinus communis*

Rich in ricinoleic acid — the heavyweight for thickness, length and edges.

Black Seed — *Nigella sativa*

A nutrient powerhouse — strengthens strands and reduces breakage at the root.

Vitamin E

Antioxidant protection — shields hair from damage and locks in shine.
